About

Location and dates

This is a fully remote/online coaching. Appointments are scheduled and documented individually with the participant.

Length of time

The coaching can be carried out part-time or full-time and lasts about 3-6 weeks.

Content

According to the coaching description, we will spend a large part of the coaching in creating a professional business plan. The components of the business plan are identical to the modules taught in coaching.

Module

- 1 Review of your personality and your concept (10 units)
- 2 Development of financial plan for your business (40 units)
- 3 Development of business concept (40 units)
- 4 Learn management fundamentals (20 units)
- 5 Deal with German bureaucracy (10 units)

Goals

- Strategic **readiness for self-employment**
- Enhance **business skills** for a competitive edge
- **Identify and improve personal strengths** and weaknesses
- Craft a **professional business plan** in German for funding applications (startup grants, etc.) or loans
